Re: Provider feedback sessions available
Date: March 3, 2020

Since January, the Bureau of Developmental Disabilities Services has provided a wide variety of opportunities for individuals, families, providers, case managers and other stakeholders to comment on its [Waiver Redesign Initial Concept Paper](#). Specifically, BDDS has provided face-to-face feedback sessions for individuals and families through various Building Bridges events hosted by BDDS and Self-Advocate and Family Feedback Sessions hosted by IIDC. To complement these opportunities, we are pleased to announce the following series of feedback sessions focused on providers and case managers.

These provider focused feedback sessions will provide a brief overview of the Waiver Redesign Initial Concept Paper with ample time to ask questions, provide recommendations and share ideas. The feedback gleaned from these meetings will be valuable in continuing to inform the ideas and directions related to Waiver Redesign.

Provider feedback sessions will be held in March and early April in the following locations: South Bend, Fort Wayne, Newburgh, Columbus, Lafayette and Indianapolis.

Providers and/or case managers planning to attend should register for their preferred session [by clicking here](#).
